

OSPREY LTD.

QUALITY POLICY

The Top Management of Osprey Limited has implemented a Quality System to meet the needs of national and international Quality System requirements.

The Quality System conforms to the requirements of British Standard BS EN ISO 9001:2015 Specifications for Production, Installation and Servicing.

It is the Policy of Osprey Limited to provide products and services of a quality which meets the needs and the expectations of their customers and eventual end users with the intention of being a leader in product quality and reliability.

The internal Quality Auditor is responsible for implementing and maintaining the QMS. All department managers and supervisors are directly charged with ensuring that all products and services supplied by the company comply with the agreed specification and with the requirements of the Quality System.

Adherence to this policy involves not only the management but every employee of the Company.

The Top Management shall review the Quality System at regular intervals to ensure that the goals and the objectives of this policy are achieved through the implementation of the procedural standards as outlined in the Quality Manual System.
